INFORMATION DISCLOSURE STATEMENT UNDER 37 CFR § 1.97(d)

May 27, 2009

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

The attached PTO/SB/08a lists three documents cited in a search report mailed May 4, 2009 by the European Patent Office in Application No. EP 04788459.8. Copies of the documents and the search report are also attached. The listed documents were first cited in a communication from that foreign patent office in a counterpart foreign patent application not more than three months ago. Thus, the undersigned certifies:

"That each item of information contained in the information disclosure statement was first cited in any communication from a foreign patent office in a counterpart foreign application not more than three months prior to the filing of the information disclosure statement."

Certification and the fee are required because a final Office Action was mailed.

This is not to be construed as a representation that a search has been made or that no better prior art exists, or that a reference is relevant merely because cited.

The Examiner is requested to initial the PTO/SB/08a and to return a copy of the initialed form to indicate the attached documents were considered and made of record.

Respectfully submitted,

NIXON & VANDERHYE P.C.
